Primary PE and Sport Premium 2022-2023

Our vision:

ALL pupils leaving the school will have the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport. **We aim to ensure lessons are accessible to ALL learners (SEND, disadvantaged children and more-able children). With children embracing new challenges and skills, and persevering during activities.**

Our aims:

1) **We aim for children to leave our school with an understanding of how to lead an active and healthy lifestyle, both physically and mentally.**

2) **A strong commitment to Physical Literacy.**
   Physical literacy is the motivation, confidence, physical competence, knowledge and understanding of individuals and how this influences the way they value and take responsibility for engaging in physical activities for life. Physical literacy provides clear direction for nurturing a lifelong engagement in physical activity that can positively contribute to one's overall quality of life. Physical literacy encourages us to look at physical activity engagement through a different lens. It considers each individual's physical, emotional and mental engagement in physical activity; how they behave, think and take part.

3) **For pupils to have 30 minutes of being active every day.**

4) **More experiences of competitions- in-person and virtual.**

It is expected that the school will see an improvement against the following 5 key indicators:

1. **Continued engagement of <u>all</u> pupils in regular physical activity – kick-starting healthy active lifestyles and preserving during new challenges.**
2. **Raise the profile of PE and sport across the school as a tool for whole school improvement**
3. **Increase confidence, knowledge and skills of all staff in teaching PE and sport**
4. **Broaden the experience and range of sports and activities offered to all pupils, including in-person and virtual events.**
5. **Increase participation in competitive sport across the borough.**

For the financial year (April 2022/March 2023) the school received £27,818 from Sports Premium funding. The school has used the funding as stated below with an actual expenditure of £27,184.

Expenditure	Amount	Impact
Sports Coaches	£16,971	The presence of Sports Coaches at lunchtime has enabled children to be active at least 30 minutes per day and to develop their skills during supervised activities. Team-teaching with teachers has supported staff in developing their skills (focus has been on differentiation, challenge and structure of lessons). Teachers surveyed in July 2023 reported that this helped with the pace of the lessons, gaining confidence and the importance of modelling skills carefully. Most members of staff highlighted that they felt more confident to differentiate lessons and introduce key vocabulary of the unit. From a Pupil Voice in July 2023, 90% of pupils said they enjoyed lunchtime activities and were complementary about the provision. Over 73% felt that they have improved and developed new skills from the in-school provision.

Membership in the Havering Sports Collective	£1000.00	Increased opportunities for pupils to participate in competitive sporting events both in-person and virtual opportunities. Also upskilling staff via training days attended. From a recent Pupil Voice in July 2023, 114 children attended various external sporting fixtures throughout this academic year. The whole school had opportunities throughout the year to access 'virtual' weeks.
Updating PE equipment Basketball Hoops	£1,632 £209	Quality resources are available for children to use in PE lessons, in extracurricular activities and during lunch times. Thus enhancing PE provision in school.
Clear boxes for storage	£63	Ensuring resources are maintained and looked after.
Curriculum Imoves subscription]	£997	This subscription has provided lesson support for teachers and has helped to improve the quality of teaching of PE lessons. The Active Blasts are used widely to increase 30 minutes of being active every day. From a Pupil Voice in July 2023, 90% of all pupils said they enjoyed their lessons. Over 90% of pupils said they enjoyed being active for over 30 minutes per day.

Immersive Space	£6,312	Provision to ensure healthy active lifestyles (interactive games) and a safe space to support SEN provision across the school. This has supported emotional and mental engagement in physical activity.
